PAULINE F. SAVAGE,

SUPERINTENDENT'S REPORT*Teachers*

The present school year opened with no changes in the teaching corps, but soon after the opening, two resignations were received. Mrs. Whyte resigning at Riverton, and Mrs. Clarke at Highlands.

To fill these two vacancies, Mrs. Rogers was transferred from the Hill to Riverton, and the two schools at the Hill placed under one teacher. This combination at the Hill was feasible due to the fact that the enrollment there has become so reduced as to warrant State Aid for not more than one teacher.

At Highlands, Mr. Leonard Curtis, a graduate of a three year course at Normal School, and a teacher of five years' experience, was placed in charge.

During the year, your Superintendent has visited every school at least once in two weeks and in many cases has made weekly visits. Classes have been observed and inspected, tests have been given and the work checked up at intervals.

Health

The annual health examination has been given by the School Physician. A tonsil clinic has been held during the year, at which approximately twenty children were treated. A school nurse, Mrs. Spaulding, assisted at this tonsil clinic and has also made a special examination of the eyes of all pupils.

Hot lunches are being served this winter at the Starrking and Meadows schools.

Finances

The School Board and Superintendent have carefully estimated the expense of your schools for the coming year, and this estimate will be found in another part of the report. It would seem that the cost cannot be further reduced without impairment of the efficiency of the schools.

I wish to take opportunity at this time to thank the School Board, teachers and citizens for their interest and cooperation during the year.
